## Atmospheric Reactive Nitrogen in China: Sources, Recent Trends, and Damage Costs

Baojing Gu,<sup>†,‡</sup> Ying Ge,<sup>‡,§</sup> Yuan Ren,<sup>‡</sup> Bin Xu,<sup>||</sup> Weidong Luo,<sup>†,§</sup> Hong Jiang,<sup>⊥</sup> Binhe Gu,<sup>#</sup> and Jie Chang<sup>\*,‡,§</sup>

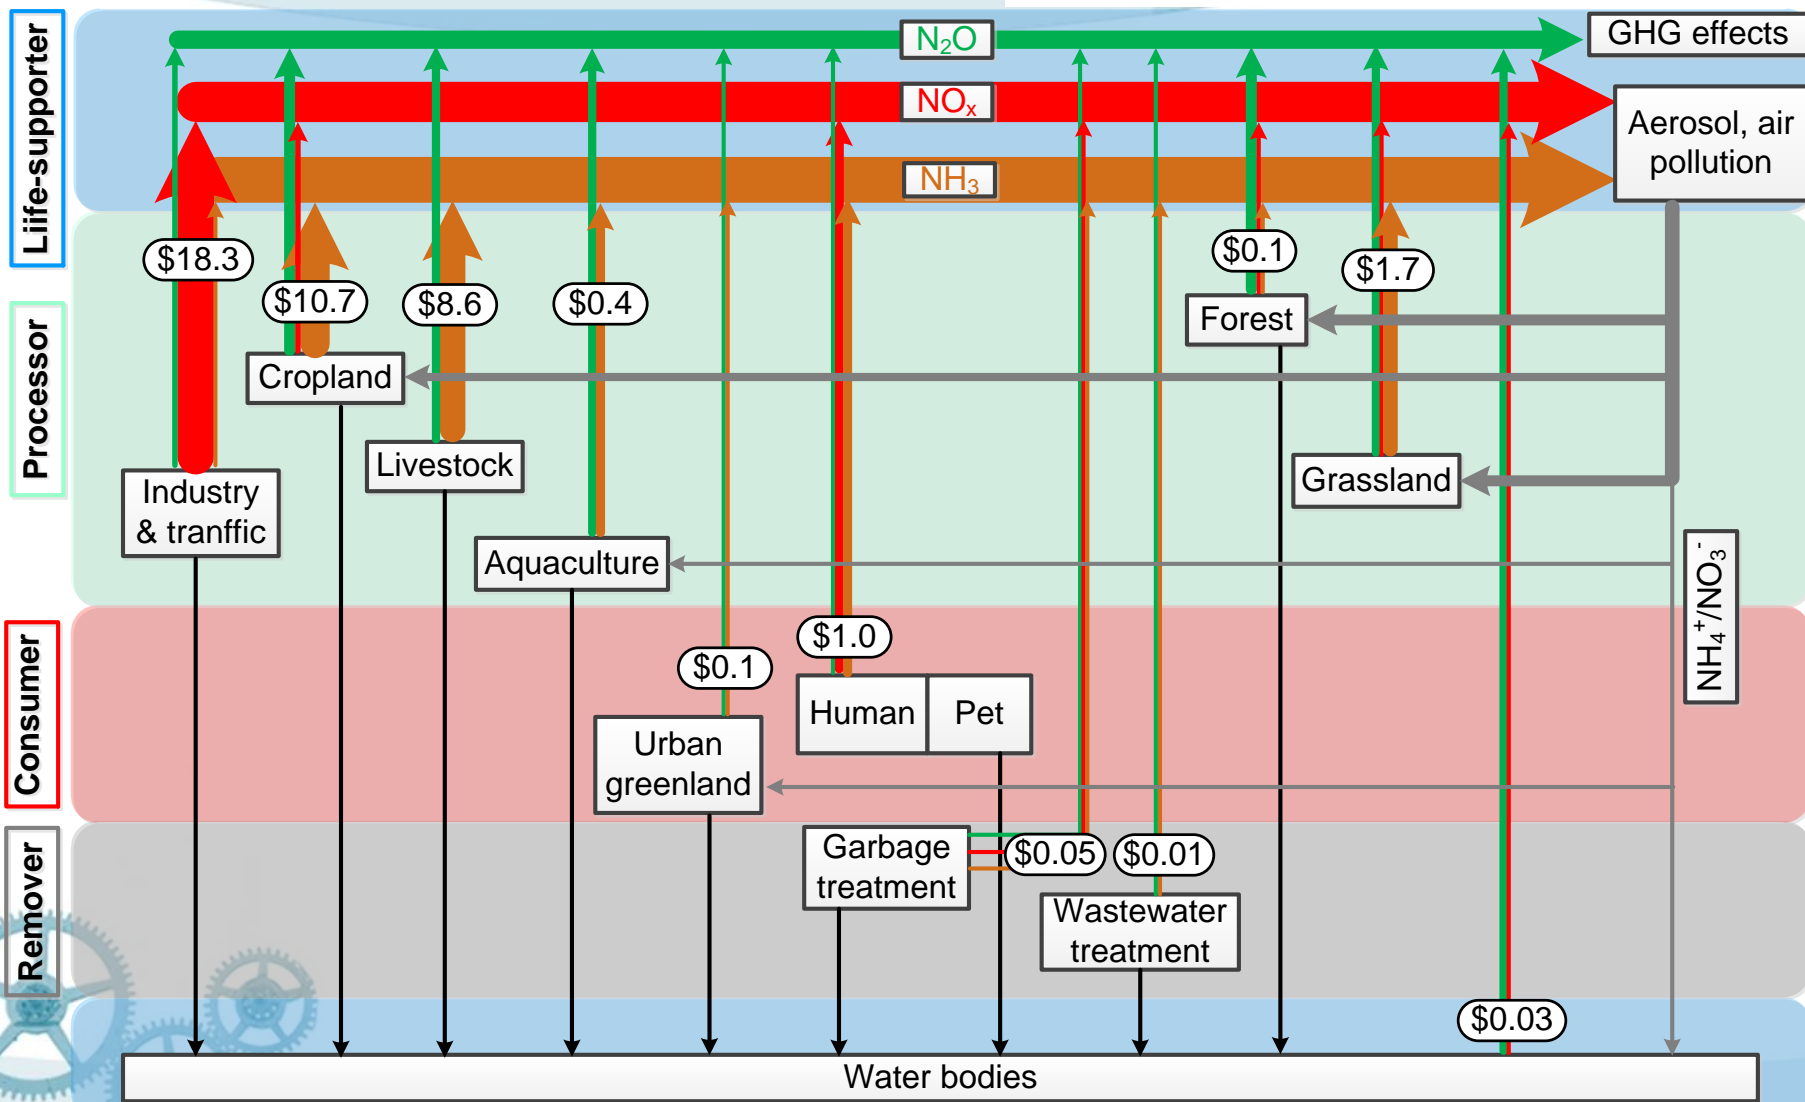

# Health damage

## cost:

$$HDCost_{i,k} = HDCost_{j,k} \cdot \frac{VSL_i \cdot f(pd_{i,k})}{VSL_j \cdot f(pd_{j,k})}$$

$$Total\ Cost_i = \sum_{k=1}^3 (HDCost_{i,k} \cdot Total\ Nr\ emission_{i,k})$$

谢谢!
